

The image features a central graphic of a bouquet of colorful, ribbed balloons in shades of blue, yellow, orange, and red. A white circular badge is superimposed over the balloons, containing the text 'hi|dea™'. The entire graphic is set against a teal background with a low-poly, geometric pattern. A large, stylized teal shape resembling an open box or envelope is positioned behind the balloons. The year '2018' is printed in white on the bottom right of this teal shape.

2018

The logo for 'hidea' is centered within a white circle. The word 'hidea' is in a lowercase, sans-serif font. A small blue vertical bar is positioned between the 'i' and 'd', and a small blue dot is located below the 'i'. A trademark symbol (TM) is placed to the upper right of the 'a'. The white circle is set against a background of overlapping geometric shapes in shades of pink, green, red, and light blue.

Commitment letter

A RELIABLE CHOICE AND WITH QUALITY ASSURANCE

The hi!dea™ catalogue was designed and developed to enhance your brand. Our commitment is based on our established relationship of trust, value that we convey through the quality and originality of our products. Thus, we brought together our team around a single objective: your satisfaction.

The products featured in this catalogue were made according to the applicable European norms and laws. This is achieved by existing quality control departments in Europe and Asia, as well as by periodic testing to which products are subject to, carried out by specialized international and independent entities. Simultaneously, our suppliers are in compliance with the laws and rules of the countries where they operate, in particular with regard to human and worker rights and also social and environmental responsibility.

hi!deaTM design

**A COLLECTION
INSPIRED BY YOU**

hi!deaTM design is a strong identity brand, born from the fusion of the avant garde trait and the deep knowledge of promotional products.

Fully designed thinking of you, it combines clean materials with innovative lines and attractive design, transforming these products into memorable gifts.

Bridge

THE BRIDGES THAT UNITE US.

The concept of uniting, creating bridges and ties served as inspiration for the development of this collection. Two products in which the concept is inspired by the reality giving rise to resistant products, such as a bridge that helps us cross the road.

Traveller

EVERY DAY AN ADVENTURE!

Go on an adventure. Our day to day is filled with challenges, being they new projects at work or weekends in the unknown. Like a roof, the backpack's flap is a high-strength detail that gives you protection. With a modern design, this is the ideal companion for adventure.

Lunar

AND THE MOON HERE SO CLOSE!

Inspired by the curvilinear shape of a half-moon, of rounded and infinite lines, we have created more than a simple backpack. With an irreverent shape, panoramic opening and extra comfort, you will find here a unique piece of design.

Beginning

ALL BRANDS HAVE A BEGINING AND OURS BEGAN WITH DRAWING PENS!

Inspired by the diversity of shapes, the hi!dea™ design writing instrument collection stands out for the boldness of its clips, elegance and meticulous choice of all the elements that make up these objects.

BUILD YOUR OWN STORY!

The covers provide protection and can keep a few secrets. Inspired by individual experiences, we have created a cover that includes a notebook to write your own story. The pocket is the missing note to keep what we remember of the good days: the memories.

Shapes

GEOMETRIC FIGURES IN EVERYDAY LIFE.

The exercise of combining geometric figures styled this houseware collection. The asymmetries of a solid block of bamboo, combined with modern design, bring nature to your table.

// ENJOY THE OLDEST EUROPEAN TEA.

OFFERING GORREANA IS OFFERING HISTORY WITH AROMA.

Founded in 1883 and located in Azores, the Gorreana tea factory is the oldest in Europe. The same family has been managing the planting area of 45 hectares for about 5 generations.

Gorreana teas represent a union of taste, health and ecology.

Gorreana teas have worldwide recognition and are ranked as some of the best and purest teas in the world.

BLACK TEA

The black tea Pekoe has a very strong and aromatic flavor. It is produced from the plant's second bearing bud. Due to the strong oxidation of *Camelia Sinensis* leaves, this tea displays a reddish and dark color and it also contains antioxidants, neuro-stimulants and caffeine.

GREEN TEA

The spraying process of *Camellia Sinensis* leaves enhances its light and delicate aroma. This tea has great anti-oxidant and slimming effects, anti-cancer properties and in anti-aging.

// QUALITY PRINTING SERVICES

EMBROIDERY

- The well-known embroidery technique allows customization on good quality fabrics with great quality and perfection. Embroidery replicates designs with a large variety of colours and distinct lines.
- Used on: towels, blankets, caps, conference bags.

HOT STAMPING

- Hot stamping consists of reproducing designs by means of a hot press on leather or imitation leather products. Furthermore, this technique allows transferring a metallic or pigment finish, adding color to the branding.
- Used on: key rings, diaries, notebooks, wallets.

DOMING

- Doming consists of applying a clear resin (epoxy) on a printed slip. This layer of resin produces the effect of depth and protection and results in a 3D effect. The end result is shiny, resistant and durable.
- Used on: Usb flash drives, key rings, pens.

LASER

- Laser engraving is a precise and long-lasting method. The laser beams engrave the design on hard surfaces. Besides metal, it can also be used on wood, leather/PU and glass with exquisite and elegant results.
- Used on: metal pens and key rings, wooden containers, card holders, cork products.

SCREEN PRINTING

- Screen printing is a printing technique which provides trustworthy and long-lasting results. This method can be used on smooth surfaces; printing in high definition even with more than one colour.
- Used on: notepads, rulers, pill boxes.

ROTARY SCREEN PRINTING

- Rotary screen printing is similar to the process of screen printing, but optimized for 360° printing. This process is indicated for pens.
- Used on: pens.

TEXTILE PRINTING

- A method similar to silkscreen printing, however optimized to be used on textiles.
- Used on: aprons, polar fleece items, non-woven bags and clothing.

SUBLIMATION

- Sublimation offers the advantage of being able to be used on concave surfaces, producing well-defined designs. It also results in a design highly resistant to extreme temperatures.
- Used on: mugs

PAD PRINTING

- Process used mainly for printing small objects like pens. It is very versatile and adapts to curvy shapes. It is the most economical solution for various products.
- Used on: plastic pens, USB flash drives, key rings.

TRANSFER

- This method enables results on various types of fabrics and is very economic for multicolour printing on small quantities.
- Used on: aprons, bags, backpacks, non-woven bags, cork, footballs.

DIGITAL TRANSFER

- Transfer process optimized for digital printing of small quantities, without color limits.
- Application suggestions: folders, backpacks, non-woven bags, cork products, soccer balls.

DIGITAL UV

- UV printing offers great advantages like speed and high quality guarantee. This technique is very appealing for printing in several colours. Ideal for small quantities and can be applied on plain or slightly curved surfaces.
- Used on: pens, keyrings, rulers, notebooks.
